

<b>IDENTIFIED TASK</b>	Using MEWP VR Simulator and Accessories
<b>PPE REQUIRED</b>	Disposable gloves, facemasks (where required)
<b>TOOLS REQUIRED</b>	Disinfecting wipes, clean microfiber cloth, garbage bag
<b>MATERIALS REQUIRED</b>	SLI-Deep Cleaning Labelling Kit, MEWP VR Simulator

**P\* - PRIORITY INDEX:**

Severity - **1.** Imminent Danger **2.** Serious  
**3.** Minor **4.** Not applicable (N/A)

Probability - **A.** Probable **B.** Reasonable probable  
**C.** Remote **D.** Extremely remote

POTENTIAL HAZARDS	RISK RATING	CONTROL MEASURES	REQUIRED PPE
Contamination of the facilitator by an infected operator	<b>2A</b>	<ul style="list-style-type: none"> <li>Both the operator and the facilitator wear suitable masks when carrying out training on the simulator</li> <li>The operator must complete a health Self-Assessment to confirm they have no symptoms before entering the training area</li> <li>The operator will wash his/her hands and use alcohol-based sanitizer (min. 70%) before putting gloves on</li> <li>The operator will dispose of gloves after all use of the simulator is complete.</li> <li>The operator will maintain physical distancing and not be within 2m (6 Ft) of the facilitator.</li> <li>There will be clear signage identifying each zone, and what is required to happen in each zone.</li> <li>There will be limited, and regularly cleaned, seating in the operators' waiting area to limit any contamination.</li> <li>There will be one operator at a time planned for using the simulator to minimize the interaction between others</li> <li>No food or drink permitted within the training area</li> <li>Follow all proper cleaning protocols for VR Headset.</li> </ul>	<ul style="list-style-type: none"> <li>Disposable Gloves</li> <li>Face Masks</li> </ul>

POTENTIAL HAZARDS	RISK RATING	CONTROL MEASURES	REQUIRED PPE
Contamination of the operator by the previous user	<b>2B</b>	<ul style="list-style-type: none"> <li>• Once the operator has finished their turn and departed, the facilitator will complete a thorough cleaning of the simulator and headset following the Serious Labs latest cleaning process</li> <li>• Limit the number of operators to a minimum in the training area at any given time</li> <li>• All doors to be left open or be automatic subject to the door not being a fire door. In the case of a fire door, Disinfecting Wipes and a garbage can with bag must be available</li> <li>• Have limited areas within the training area which could become contaminated such as, tables and chairs</li> <li>• The training area is only used for simulator use and is locked in between sessions</li> <li>• Allow enough time in between each practical session of the facilitator to carry out all cleaning procedure</li> </ul>	<ul style="list-style-type: none"> <li>• Disposable Gloves</li> </ul>
Contamination of the operator by the facilitator	<b>2A</b>	<ul style="list-style-type: none"> <li>• The facilitator will wear disposable gloves which are changed and disposed of in between each operator</li> <li>• The facilitator will wear a suitable mask when the operator is in the training area</li> <li>• The facilitator will maintain physical distancing and not be within 2m (6ft) of the operator</li> <li>• Position the laptop directly behind the simulator so the cable will give the maximum distance between the laptop and the simulator</li> <li>• Hands will be washed and sanitized using alcohol-based products before and after each operator enters the room</li> <li>• No food or drink permitted within the training area</li> </ul>	<ul style="list-style-type: none"> <li>• Disposable Gloves</li> <li>• Face Masks</li> </ul>

POTENTIAL HAZARDS	RISK RATING	CONTROL MEASURES	REQUIRED PPE
Contamination of the operator or facilitator from other employees or visitors working close by	<b>2B</b>	<ul style="list-style-type: none"> <li>• Simulator to be in an area which can be controlled, and access denied to anyone not using it</li> <li>• Establish a 2m (6ft) exclusion zone around the simulator which is clearly signed</li> <li>• Establish the PPE area in first zone for masks and gloves to be worn within the training area</li> <li>• Have a hand wash/sanitizing station at the entrance to the training area</li> <li>• Supplying PPE (masks, disposable gloves) which can be supplied without contamination from the previous delegate</li> </ul>	<ul style="list-style-type: none"> <li>• Disposable Gloves</li> <li>• Face Masks</li> </ul>
